

Approximation Theory and Special Functions

<https://atsf.com.tr>

Editor-in-Chief:

- Oktay Duman (TOBB ETÜ, Türkiye)

Editorial Board:

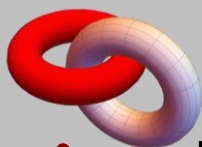

- George A. Anastassiou (University of Memphis, USA)
- Martin Bohner (Missouri University of Science and Technology, USA)
- Francesco Dell'Accio (University of Calabria, Italy)
- Esra Erkuş-Duman (Gazi University, Türkiye)
- Alexander Goncharov (Bilkent University, Türkiye)
- Weimin Han (University of Iowa, USA)
- Gradimir V. Milovanović (Serbian Academy of Sciences, Serbia)
- Cihan Orhan (TOBB ETÜ, Türkiye)
- Ioan Raşa (Technical University of Cluj-Napoca, Romania)
- Mircea Sofonea (University of Perpignan, France)

Technical Editors:

- İsmail Aslan (Hacettepe University, Türkiye)
- Nejla Özmen (Düzce University, Türkiye)

Language Editors:

- Türkan Yeliz Gökçer Ellidokuz (Bahçeşehir University, Türkiye)
- Düriye Korkmaz Düzgün (Ankara Hacı Bayram Veli University, Türkiye)
- Ceylan Turan Yalçın (Çankaya University, Türkiye)

Approximation Theory and Special Functions

<https://atsf.com.tr>

Volume 1, Issue 1-2

(Published: October 07, 2025)

Research Articles:

- Mircea Sofonea and Andaluzia Matei
Well-Posedness of an Elastic-Viscoplastic Contact Problem..... 1-21

Survey Articles:

- George A. Anastassiou
Positive Linear Framework for Neural Networks with Generalized Logistic Structure: Multivariate and Finite Domain Case22-41
- Alexander Goncharov
Bases and Isomorphisms of Whitney Spaces42-79
- Ana Maria Acu and Ioan Raşa
Positive Linear Operators and Entropies80-92
- Oktay Duman
Shepard Operators Revisited: Linear and Nonlinear Approaches, Accelerated Convergence, and Applications..... 93-105
